THE CHINESE TREATY.

Of course party feeling will have its influence in discussing the proposed Chinese treaty; but we do not think any one, after reading over the document, will fail to see the dangerous breaches it would make in the exclusion wall, if he knows anything of the methods of the Chinese or of the manner in which they have eluded the provisions of and worked up to undermine every existing and preceding law bearing upon their immigration. We hope the Pacific Coast delegation in Congress will make a determined opposition to the joint production of Gresham and Yang Yu. They will have a hard battle, for the interests that the Chinese have on their side are very influential; but they should be nerved to their task by the thought that if they fail and the treaty be confirmed, the Pacific Coast will perhaps have to take choice between surrendering to the Asiatic hordes or resisting their lodgement on its own account and in the best way it can. The hands of our representatives in Congress would be greatly strengthened, if the people of the coast would show, by a wholesale discharge of Chinese employees and a universal refusal to buy of or deal with them, what their true opinion on the Mongolian question is. Of course the Southern Pacific will continue to employ Chinese; but if any other Pacific Coast people continue to do so, they may know that they are, in so doing, practically voting for the confirmation of a treaty that would be disastrous.

Coxey's Answer.

Louisville, O., March 28.—Coxey did not join the army until late in the day. He saw Senator Stewart's letter in the papers and sent out the following reply over his signature. The document shows traces of Browne. Condensed it is as follows: I have seen your letter in the newspapers addressed to "General" Coxey. Allow me to inform you that I am not a "General." I would respectfully announce that I am simply President of the Coxey Good Roads Association of the United States and ex-officio of the Commonwealth of Christ. I am not leading an army, no matter what a subsidized press at the command of a money power tries to make it appear, and all the epithets hurled at us as being anarchists or "a mob" get more weight by ill admissions of our friends. The warfare of the silver men against the gold power under your leadership is magnificent. The morning papers say that even the President of the United States is engaged in a conspiracy with Wall street and he has vetoed the Bland Seigniorage bill in the sole interest of gold. So the die is cast. We shall march peaceful and depend on the outpouring of a peaceful public to defend us against Pinkertons, either in policemen, militiamen or petty party politicians.

Strange Cause of Failure.

A firm in Cedar Rapids doing a fruit and egg business has made an assignment. The cause of the failure was rather unusual. Almost a hundred carloads of eggs were stored in one room and a large number of lemons in the other. Between the rooms was an iron partition, but the flavor of the lemons nevertheless, carried through and contaminated the eggs. The loss on the eggs amounted to about \$80,000, and the firm was forced to suspend.

It must have been rather a large room to have contained 100 car loads of eggs.

A Stir at the Almighty.

Washington, March 28.—The House Committee on Judiciary today tabled the resolution proposing an amendment to the Constitution acknowledging the supreme authority of Almighty God in the affairs of nations and men.

[It is now in order to have "In God we trust" left off the coin of the realm.—Ed.]

A bill for the free and unlimited coinage of silver was introduced in the Senate yesterday by Stewart and was laid on the table for the present.
